# ESSENTIAL OILS & ISOLATES BRINGING YOU THE BEST OF NATURE

Essential Oils are highly concentrated, aromatic, volatile liquids that are steam/hydro distilled from plant parts like seeds, flowers, fruits, stems, bark, roots, leaves and more. Essential Oils exhibit the characteristic aroma of the raw materials used.

Mane Kancor's Essential Oils are mostly farm distilled. The company uses both traditional and state-of-the-art technology to separate and purify the product before it is used in a variety of applications.
